

CULTURAL PLANNING

Definition

Strategic and iterative planning process of a locality, based on wide participation and cross-sectoral and building on the definition of culture as a way of life. Aims at collaborative and culturally sensitive planning, sustainable use and development of cultural resources and empowerment of local communities.

In comparison with the term cultural mapping, cultural planning is a public process in which representatives of a community undertake a comprehensive community assessment and create a plan of the cultural assets existing in their locality. Cultural planning is a process of inclusive community consultation and decision-making that helps local governments to identify cultural resources and to think strategically about how these resources can help a community to achieve its civic goals. In addition, it is a strategic approach that integrates the community's cultural resources into a wide range of local government planning activities.
