

Competition

2 Calls for photographs on Renewable Energies and Landscape Quality

1st Call: Photograph with Text

Photographs of renewable energy landscapes combined with an expressive phrase which could come from poetry, literature, famous quotations, proverbs or everyday sayings.

2nd Call: Most unlikely place for Renewable Energies

Please share with us your photograph of the most unexpected location and most interesting manner to produce different types of renewable energies.

Conditions...

1st Prize: The winner will be presented in a prominent position in the Action book

The authors of the 3 most imaginative photographs will receive a free copy of the Action book and will be invited to present the winning entry at the final conference in 2018 in person or by video link*

All selected submissions will be used to illustrate the Action's website, the travelling exhibition, the Action book etc. The author will be acknowledged alongside their photograph.

By submitting a photo, the participants grant the RELY consortium a royalty-free licence to copy, distribute, display publicly and otherwise use, and authorize others to use their photograph for any educational and research purpose throughout the world and in any media.

Deadline: **31 August 2017**

Email for submission: benedicte@gaillard-consulting.com

* Details to be negotiated
