

LANDSCAPE AWARENESS

Definition

Landscape awareness refers to deeper understanding of the value of landscapes, their role and changes to them, among the civil society, private organisations and public authorities. European Landscape Convention marks the importance of awareness-raising which is defined as a way of making clear the relations that exist between people's cadre de vie, the activities pursued by all parties in the course of their daily lives and the characteristics of the natural environment, housing and infrastructure (Council of Europe).
